RDA Wide Bay Burnett Strategic Plan 2022-2025

Regional Development Australia Wide Bay Burnett's (RDA WBB) Strategic Plan 2022-25 was developed by leaders with local expertise and knowledge of the region's strengths, challenges and opportunities. The strategy reflects the region's priorities and articulates RDA WBB's important role in facilitating sustainable regional economic growth.

Our focus is to leverage Wide Bay Burnett's competitive advantages to attract new investment, grow a skilled workforce, harness emerging opportunities and facilitate collaboration to create a thriving and prosperous regional economy.

This Plan received Board endorsement in March 2023 and is a living document. Please refer to www.rdawidebayburnett.org.au for further information and updates.

The Regional Development Australia network is proudly funded by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

Chair's Message

The world around us is rapidly changing, creating enormous opportunity for our region. For many years Wide Bay Burnett has thrived on its traditional manufacturing and agriculture sectors and abundant natural resources, however the time is now for the region to embrace new opportunities that will add value to traditional sectors. By leveraging strong domestic migration, emerging technologies and improved connectivity between South-East Queensland and Wide Bay Burnett, our region will continue to grow and prosper.

Regional Development Australia Wide Bay Burnett (RDA WBB) is in the unique position of working across all 3 levels of government and is well placed to facilitate and lead change in the region. We hear firsthand about the economic opportunities and challenges faced in Wide Bay Burnett and respond by bringing together business, government and community leaders to support economic development and regional growth.

The future is truly shaped by what we do today, and with a renewed commitment by all levels of government to position regional Australia for economic success, RDA WBB will continue to play an important role in unlocking economic opportunities across the Wide Bay Burnett.

Bill Trevor OAM

Innovation

We strive to continuously improve how we serve the region through our creativity and problem solving.

Diversity and Inclusion

We recognise that diversity is a key strength of our region and organisation.

We have a diverse spectrum of talent in our team and every perspective strengthens us

Proactive

Our best work is by design, and we deliver with purpose.

We proactively seek opportunities to collaborate to elevate the success of the region and our team.

Our purpose, vision and strategic drivers

Purpose

Our purpose is to support economic growth, workforce development and investment in the region and inform government about local challenges, opportunities and solutions.

We work in close partnership with all levels of government, a diverse range of private sector industries, community organisations and other RDA committees across Queensland and Australia.

Vision

Our vision is to support the growth of a strong, confident and vibrant region by engaging with stakeholders, connecting them with opportunities and delivering regional solutions that leverage our assets and strengths.

Our vision is built on the recognition that our local communities are in the best position to understand the challenges, priorities and opportunities in Wide Bay Burnett.

Strategic Drivers

We proactively engage with our regional stakeholders and collaborate with all levels of government, business and community to lead change and facilitate growth.

We connect regional stakeholders to genuine opportunities that improve the liveability and economic sustainability of our region.

We add value to strategic planning undertaken by governments and regional leaders and collaborate to deliver sustainable outcomes and benefits.

Our Strategic Priorities

1. Coordinate across all levels of government, community and the private sector to facilitate trade and investment opportunities
2. Grow a skilled, adaptable and diverse workforce.
3. Harness emerging opportunities and technology to position the region for economic growth.
4. Facilitate regional collaboration by bringing regional leaders and stakeholders together to identify priorities and develop local solutions.
5. Strengthen RDA WBB's organisational performance through contemporary governance and best practice.
